# 3D Model Collaboration

## Ong Innovations

Ong Innovations is proud to introduce 3D collaboration for artists and engineers! Upload your 3D models to a website, and watch in amazement as your designs come to life. No longer do you need to wait hours or days for a 3D printed prototype. Instantly view and discuss your designs with this powerful, multi-user experience. Work with team members both locally, or remotely via the internet. Speed up engineering designs, increase efficiency, and lower your cost with this powerful new tool!
